

Business Asset List

Please provide a list of all business furniture, tools, equipment, trailers, and vehicles currently owned by the company. List each item individually with your best estimate of the current market value. All items with a current market value of \$5,000 or more must include the serial number or VIN. If numbers are no longer legible or available, please attach a photograph of the item. List all locations where business assets are held (attach additional sheet if necessary):
